

VISHNU J

FULL-STACK DEVELOPER & SOFTWARE ENGINEER

Email: vishnuvibin813@gmail.com | Phone: +91 9486765981 | Location: Coimbatore, Tamil Nadu
GitHub: github.com/Vishnu Vibin | LinkedIn: linkedin.com/in/vishnu-vibin-48ab85281

PROFESSIONAL SUMMARY

B.Tech Artificial Intelligence & Data Science student experienced in full-stack application development, backend engineering, and intelligent systems integration. Skilled in bridging robust Python/Java backend architectures and relational databases with responsive user interfaces. Proven track record of packaging complex software frameworks into deployable, functional end-to-end solutions.

TECHNICAL SKILLS

Core Programming:	Python, Java, SQL
Frameworks & Backend:	Flask, Streamlit, Java Socket Programming, RESTful APIs
AI & Vision Integration:	YOLOv8, TensorFlow, EasyOCR, Machine Learning models
Databases & Tools:	Relational Databases (SQL), Git, PyInstaller, Env Management

PROJECTS & APPLICATION DEVELOPMENT

Full-Stack Engineering Diagram Analysis System

- Developed an end-to-end engineering drawing digitization tool utilizing a Python backend and a web-based Streamlit user interface.
- Integrated custom YOLOv8, TensorFlow, and EasyOCR pipelines to parse documents, extract text data, and trace network paths in real-time.

Intelligent Knowledge-Retrieval Web Application

- Engineered a conversational web platform leveraging a Flask architecture to securely manage context state data and custom user sessions.
- Implemented file-parsing pipelines to dynamically process custom PDF text inputs and feed optimized contexts into LLMs via the Groq API.

Real-Time Networking Systems & Desktop GUIs

- Built multi-threaded server-client communication utilities executing low-level network topology logic using robust Java Socket Programming.
- Programmed responsive desktop graphical user interfaces (GUIs) in Java to deliver real-time rendering, event handling, and model state binding.

EDUCATION

B.Tech - Artificial Intelligence & Data Science KGISL Institute of Technology, Coimbatore	Jan 2023 – Present (3rd Year) CGPA: 7.8
HSC - Higher Secondary Certificate Sri Krishna Matric Higher Secondary School, Coimbatore	Jan 2021 – Jan 2023 Percentage: 89% Cutoff: 171/200

CORE COMPETENCIES & ACHIEVEMENTS

- Software Delivery:** Experience packaging Python software and backend script modules into functional, standalone executables using PyInstaller.
- Feature Design:** Developed localized conversational speech frameworks, multilingual tools, and customized interactive kid-friendly dashboards.
- Collaboration:** Adept at standard Git workflow version control, collaborative agile development, and technical problem-solving.
